**2.1 REVOLUTION** is a URBAN DOG product with a special high power waving formulation.

Suitable for the treatment of all subjects, especially those with long mantle that have a coated and / or knotted hair. Ideal also as a final touch to give the dog a shiny and soft coat.

Composed of Quaternized Cellulose with a calming and anti-static action and Argan Oil with great elasticizing and regenerating properties thanks to the high content of omega-3 and omega-6 fatty acids, precious in cell renewal processes.

#### USE:

2.1 REVOLUTION being a biphasic formulation product must be ACTIVATED by shaking well before EVERY USE. Spray the product about 20 cm away, on the part to be treated, depending on the length and texture of the hair. Then brush and combed where necessary until total netting is removed. It makes the docile rebellious hair brush.

Use on both dry and wet hair:

- **BEFORE WASHING:** on subjects with particularly hairy hair, where combing is particularly difficult, spray 2.1 REVOLUTION at a distance of about 20 cm (if necessary, spray directly on critical hair portions), comb with care and then proceed with normal washing.
- **AFTER WASHING:** If during drying, knots on the dog's mantle are noticeable, spray 2.1 REVOLUTION at a distance of approximately 20 cm (about 20 cm) in still damp hair to facilitate brushing.
- **ON DRY LEATHER:** Sprinkle 2.1 REVOLUTION at a distance of about 20 cm by brushing it until full absorption to obtain a polishing effect and to soften the hair.

#### SPECIAL:

2.1 REVOLUTION is made up of Quaternized Cellulose and is excellent as ANTISTATIC for all types of smooth hair. Moreover, its powerful distracting power makes the brush even obedient to those who do not willingly brush, perhaps daily.
